Albariño 100%

Winemaking

Our vineyards are cared for with the most modern techniques, including fertirrigación (mixture between, fertilization and irrigation), and we have a large number of staff in the field, including two engineers, is perfectly controlled grape treatment. Pampering the vineyards, which are part of the "family", you get a great wine.

Tasting note

Color: Bright clean, straw yellow colour with slight greenish connotations.

Nose: Aroma of very good intensity, blended with harmony, predominantly fruity notes where citrus and apple stand out on a background of white flower. It is worth highlighting its high typicity.

Palate: Very pleasant in its passage through the mouth, structured, well balanced, long, has a very well integrated acidity and a final sensation of sweet fruit that invites you to continue drinking.

Formats: 75cl

Graduation: 12,5%
