Vintage 2020

2020 is a vintage of brightness!

Winter temperatures were mild, with a fresh early spring followed by an April and May with either maximum or minimum above-average temperatures. After copious rainfall in the first week of June, summer continued with no precipitation but cool nights and average maximum temperatures. A clear and bright sky marked the Summer season until the end of August when a significant rain gave the plants a new vitality and allowed the grapes to ripe correctly. The 2020 vintage grapes show high-quality, gentle and well-ripened tannins in all parcels.

Winemaking

Harvest:

By hand for about 4 weeks. We started on September the 5th for the first Podere Serra all'Olio Merlot and ended with the Petit Verdot on September the 21th.

Vinification:

All the different plots and varieties are vinified separately in concrete and wooden tanks, with slow spontaneous fermentations and soft extractions.

Ageing:

Once the malolactic fermentation has ended, we blend the wine selected for Caiarossa. Then it ages 14 months in barriques, of which 30% is new oak.

Alcohol:

14,5%.
