

CH LA SERRE - MILLESIME 2021

JEB DUNNUCK

92 - Mars 2023

The 2021 Château La Serre comes from 7 hectare of vines on the upper plateau and is 85% Merlot and 15% Cabernet Franc that was harvested from October 4-10. This medium-bodied, elegant, charming 2021 has pretty red (and some black) fruits as well as classic dusty limestone, flowers, and spicy nuances. It's balanced and has soft, supple tannins and outstanding length.

vinous

89 -Février 2024 - Neal Martin

The La Serre 2021 has retained that subtle floral element on the nose, along with hints of blue fruit, blackcurrant and light cedar scents-well defined though not powerful. The palate is medium bodied with quite sharp acidity on the entry, nicely structured with a touch of graphite on the conservative finish. Drink over the next eight to ten years.
