## VALSERRANO CRIANZA 2019

### Comments:

The 2019 harvest was classified as EXCELLENT by the Technical Services of the Control Board of the DOC Rioja.

The state of health of the vines was good throughout the growing cycle, and it was possible to stagger the harvesting, obtaining moderate yields and grapes of fine quality.

In the winemaking process, the wines achieved good structure, with intense colour and with very good ageing potential.

### Vinification and ageing:

Made from grapes of the Tempranillo 95% and Mazuelo 5% varieties.

Aged for 18 months in American- and French-oak casks and stored for several months in the vat for good blending of the wine before it was bottled.

### Tasting notes:

- **COLOUR:** Bright, lively cherry-red colour with little sign of evolution.
- **AROMA:** With the glass still, intense nuances of wild berries like blackberries and spicy notes and a slight creaminess.  
When swirled in the glass, dried fruit aromas appear, reminders of fine wood and mountain leaf litter
- **MOUTH:** A lively, powerful attack, fresh and very expressive. As it passes over the palate you can appreciate the soft tannins and it is creamy and fruity. A long aftertaste with juicy tannins, while the red berry and spice flavours continue.
